

To Whom It May Concern,

RE: LETTER OF REFERENCE FOR JOHN SANTIAS

John Santias has attended Aquinas College for five years from 2011 to 2015. During this time, John has demonstrated a conscientious motivated approach to his studies in English, Mathematics B, Study of Religion, Information Technology and Physics. He is a polite, well mannered and respectful student who conducts himself with maturity in the classroom.

John has regularly participated in College sport and interhouse events. His involvement in athletics, cross country, swimming carnivals, Chisholm Chant, Edmund Rice Olympics and House Mass demonstrates his ability to develop his skills both on an individual basis and as a cooperative member of a team. John Santias has also been an active member and team captain of the Human Powered Vehicle whilst also competing in College Chess Competitions.

Through out his time at Aquinas John has been awarded for his ongoing commitment to the Human Powered Vehicle program, his involvement in the school community and his diligence towards Information Technology. John has shown himself to be a student who relates well with his peers and is loyal and supportive of them. He is able to communicate easily with both his peers and teachers. John has taken a proactive role within Vertical Pastoral Care in his senior year. His ability to develop friendships will ensure success within any working environment.

We extend to John Santias our best wishes for the future, confident that he will be successful in his further endeavours.

Conor Nesbitt
Pastoral Leader - Chisholm
